

Product Information Sheet

Product Name	Nilglass
Purpose	A neutral, solvent based aqueous cleanser primarily for glass, and other reflective substrates.
Usage	<p>Suitable for use on all water resistant “hard” non-porous substrates, particularly glass and other reflective surfaces for light duty cleaning (eg finger marks on glass/mirrors).</p> <p>Where not to use</p> <ul style="list-style-type: none"> • This product is not recommended for use on low emissivity glass. • On coated glass, without first assessing suitability of use on an inconspicuous area. • On “soft” porous substrates such as soft furnishings, curtains etc. • In direct sunlight. • On large surfaces. If doing so, always work in small easily manageable areas. Do not allow to dry on the surface before removal. • In confined spaces without adequate ventilation. • On a routine basis on polycarbonate or other clear, particularly stressed, plastics where stress cracking may be induced. • On food contact areas where overspray or product retention is expected. This product may be used to clean food preparation and storage areas provided that all residues are removed, and it is used in accordance with the instructions provided below. <p>Use directly from the spray bottle. DO NOT dilute with water. Apply lightly to surface, and spread over the surface with a soft cloth. Remove with a clean dry cloth turning frequently, and buff to a clean, dry state.</p> <p>DO NOT APPLY IN STRONG DIRECT SUNLIGHT. DO NOT ALLOW TO DRY ON SURFACE BEFORE REMOVAL.</p>
